**ATTENTION ALL PARENTS AND GUARDIANS  
TITLE 1 FUNDING**

Dear Parents and Guardians,

Each year Title 1 Funds from the Federal Government are given to schools in economically challenged communities. 1% of the funding to each school is set aside and must be used to fund activities designed to enhance parent involvement activities that will empower the school's parents to best support their children's education.

We are happy to announce that Darlene Woodhouse is the 2017-2018 Title 1/ Parent Involvement Committee Chairperson. We invite all parents interested in joining the committee to attend our first meeting, Thursday, November 16th at 1pm. This committee will be charged with helping the school to meet its Title 1 commitments.

Attached is the Title 1 Committee Tip Sheet for background.
